There is a lot that goes into prepping for the first day of school, lace up their shoes, head out the front door, buying all the necessary supplies amidst the flurry of colour coding their notebooks and memorizing their schedule, anxiety and anticipation-----after a long gap of two years.

The school has taken care about all the COVID-19 rules & regulations and made the students to follow the same.

“PASSION IS THE BRIDGE THAT TAKES YOU FROM PAIN TO CHANGE”
- FRIDA KAHLO.

- A Bridge course was conducted for the students of classes UKG to 10 in the month of April. The classes were conducted from 11th April to 30th April for students of classes 6 to 10 and from 18th April to 30th April for classes UKG to 5.
- The main objective of the course is to bridge the gap between subjects studied in the previous class and subjects they would be learning in the upcoming class.
- The purpose of a Bridge course is to help students transition from lower level to the next level by developing their academic skills and knowledge in Mathematics, Writing, Reading and Scientific skills.
