GREEN NEWS

EVENTS UPDATE 2024-25

MONTH : JULY

Ode to the Green Giants

In the heart of summer, we gather to praise, The green giants that brighten our days.

Vanamahotsava, a festival so grand, Honoring trees, the lungs of our land. Their roots run deep, anchoring earth, A testament to life, to growth, and birth.

From tiny seeds to towering heights, Trees are nature's most wondrous sights.

With leaves that whisper in the gentle breeze, And branches that dance with effortless ease, They shelter, they nourish, they give and they care, A world without trees, we cannot bear.

For every tree planted, a promise we make, To protect our planet, for future's sake.

To nurture and cherish with hearts sincere. Vanamahotsava is finally here.

So plant a tree, let your spirit soar, For trees give life, and so much more. In this green embrace, let's find our way, And honor Vanamahotsava, day by day.

Highlights:

The Little Greens Club was instituted in the year 2007-08 to create awareness among the students about the need to conserve our natural resources and to focus on sustainable management of resources for the benefit of the future generation.

The little Greens club conducts various programs and involves the active participation of the members to motivate students to constantly think of protecting our environment in the day - to-day lives.

The following are the details of activities conducted during the month of July 2024 :

As a part of National tree plantation week and towards preservation of mother nature, Vanmahotsava was organised in the school premises by the Science teachers and various activities were planned for four days.

DAY 1 :

1. Special Assembly programme
2. Screening of a Documentary film -
'MY OCTOPUS TEACHER'

"Plant a tree and see the wonders of nature; Vanamahotsava is a celebration of life itself."

Vanamahotsava celebrations started in the school on 4/07/25 .A special assembly programme was conducted in which green pledge was taken by students to protect the environment by planting trees.An article was read by the students, about the importance of plantation.

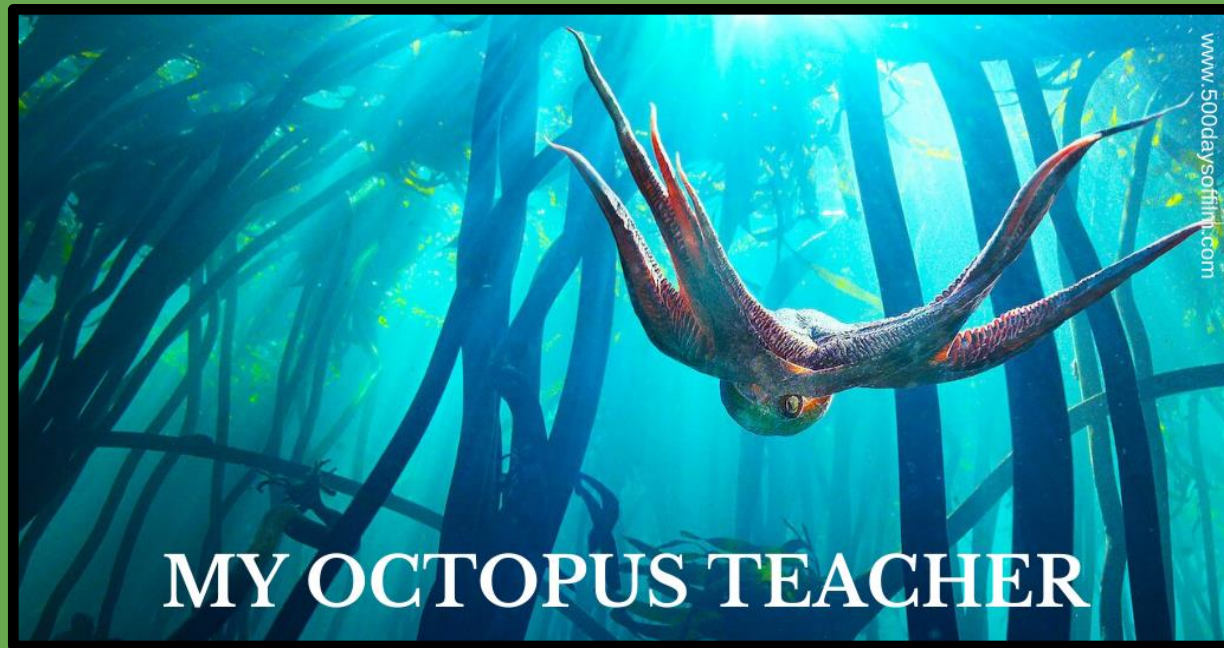

2.Documentary Film ' MY OCTOPUS TEACHER ' in library.

"Documentary screenings in schools bridge the gap between theoretical knowledge and real-world application."

Students of classes 6 to 10 were shown a documentary film 'My Octopus Teacher '. to expose students to marine biology, environmental conservation, and the emotional connection between humans and nature.Filmmaker Craig Foster as he forms a unique bond with a wild octopus in the kelp forests of South Africa.Over a year, he documents the octopus's behavior, learning valuable life lessons and gaining a deeper understanding of the underwater world.

Children enjoyed the film a lot and expressed their insights of the movie.

Day - 2:

Flashmob

As a part of Van Mahotsav Celebrations

Students of classes 7 to 9 performed a vibrant and educational flash mob centered around the 3 R's principle—Reduce, Reuse, and Recycle, in Sector-XI shopping complex. This event aimed to promote environmental awareness and encourage sustainable practices among the students and the school community.

The flash mob was well-received and had a positive impact on the school community.

Day-3:

"Crafting with recyclables is not just an art form, but a movement towards a more sustainable future."

As a part of Vanmahotsav Celebrations, Art and Craft Competition was conducted on 6-07-24 for classes 4 to 10 on "TREE" theme using recycling materials. Children participated enthusiastically and made creative Art and Craft items on the theme.

Day-4:

"Planting a sapling in a school garden is sowing the seeds of knowledge, hope, and a greener future for the next generation."

On the occasion of Van Mahotsav Celebrations(2024-25), Science club organised Green Donar Day on 08-07-2024 . Children from classes 1 to 10 donated saplings. Children interacted actively with Principal mam and Headmistress mam shared their experiences about plants and gardening. This session inculcated the importance of Green vegetation in the young minds of Little angels and to enhance the green cover of the school premises and create a more pleasant and healthy environment.

"Celebrate Vanamahotsava by giving back to nature what it has always given us—life."
