Sector - 9, Ukkunagaram, Visakhapatnam -12

GREEN NEWS EVENTS UPDATE 2025-26

MONTH - JULY : 3.7.2025 to 5.7.2025

Ode to the Green Giants

O mighty trees, with roots so deep,
Guardians of Earth while we sleep,
You breathe out life, so pure, so free,
A silent gift to you and me.

Vanamahotsav, a time to rise,
To paint the Earth with greenest skies,
With every sapling that we sow,
A future bright begins to grow.

O leafy arms that hug the air,
You cool the land with tender care,
You call the birds, the bees, the rain,
You heal the wounds, you soothe the pain.

In crowded towns and fields afar,
Your whisper travels where people are.
"Plant a tree," you gently plead,
"For every dream, for every need."

This year we vow with heart and hand,
To green each inch of this dear land.
With unity, let roots entwine,
And forests thrive by grand design.

O Forest Festival, gift divine,
May your spirit forever shine.
Let every child, woman, and man,
Be tree-planters in Nature's plan.

In the heart of summer, we gather to praise, The green giants
that brighten our days.

Vanamahotsava, a festival so grand, Honoring trees, the lungs of
our land. Their roots run deep, anchoring earth, A testament to
life, to growth, and birth.

From tiny seeds to towering heights, Trees are nature's most
wondrous sights. With leaves that whisper in the gentle breeze,
And branches that dance with effortless ease, They shelter, they
nourish, they give and they care, A world without trees, we cannot
bear.

For every tree planted, a promise we make, To protect our planet,
for future's sake.

To nurture and cherish with hearts sincere. Vanamahotsava is
finally here.

So plant a tree, let your spirit soar, For trees give life, and so
much more. In this green embrace, let's find our way, And honor
Vanamahotsava, day by day.

Highlights:

The Little Greens Club was instituted in the year 2007-08 to
create awareness among the students about the need to conserve
our natural resources and to focus on sustainable management of
resources for the benefit of the future generations.

The Little Greens club conducts various programmes and involves
the active participation of the members to motivate students to
constantly think of protecting our environment in their day -to-
day lives.

The following are the details of activities conducted during the month of July 2025:

As a part of National tree plantation week and towards preservation of mother nature, Vanmahotsava was organised in the school premises by the Science teachers and various activities were planned for four days.

DAY 1 :

- 1. Special Assembly programme and Seed Ball Preparation.**
- 2. Green Photography and Leaf Art Competitions.**
- 3. Seed Ball Distribution Programme at sector-7, Steel Plant Township.**

Day 1: Special Assembly and Seed Ball Preparation

The celebrations began with a special assembly program, through the PA system, where students were educated on the importance of plants through a conversation, followed by a 'Green Pledge' taken by all students.

Students of classes 8 and 9 enthusiastically participated in the preparation of seed balls. They learned about the science behind seed germination, selection of native species and the importance of soil and moisture. This hands-on activity instilled in them a sense of responsibility towards nature.

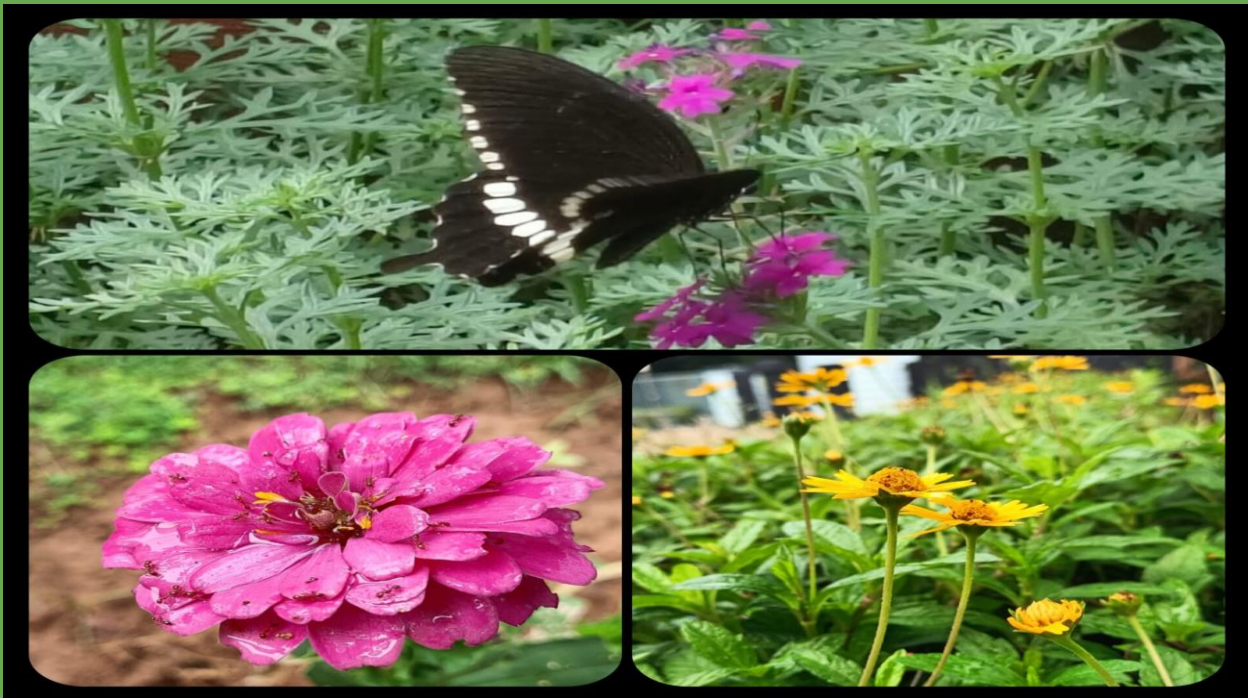

Day - 2:

Green Photography and Leaf Art Competitions.

Green Photography Competition - Students of classes 8 to 10 captured stunning moments of nature, showcasing trees, flowers, birds, and green landscapes in and around the school premises.

Leaf Art Competition - Students of classes 4 to 7 turned fallen leaves into imaginative artworks, creating animals, patterns and beautiful designs. The event encouraged observation skills and appreciation for natural resources.

Day-3:

Seed Ball Distribution programme at Sector -7, Steel Plant Township.

The grand finale of Vanamahotsava was marked by a community outreach programme. Students, along with teachers, visited Sector-7 Township Garden to distribute the seed balls they had prepared.

The event was honoured by the presence of Shri Varaprasad, DGM of Agroforestry Department, Visakhapatnam Steel Plant and Mr.Subhash, the Manager of Agroforestry Department, Visakhapatnam Steel Plant, who graced the occasion as Chief Guests. They appreciated the students' enthusiasm and encouraged them to continue being green ambassadors of the future.

Children threw the seed balls in designated green patches, contributing directly to afforestation efforts. The garden echoed with excitement and a renewed commitment to environmental care.

**Celebrate Vanamahotsava by giving back to nature
what it has always given us—life."**
