FOUNDER'S VIEW

We at Little Angels School believe the 5 C's - Communication, Collaboration, Creativity, Critical Thinking and Character will give a new dimension to our school and patrons. In this new age of technology driven education, we trust that these five cornerstones are going to be the major role players, which will give an edge to our students and make them future ready. Alongside, we ensure that each and every individual in our school is given an opportunity to evolve and hone their skills.

Learning is a lifelong journey—one that shapes individuals, drives progress, and prepares us for the ever-evolving challenges of the future. As educators, we hold the immense responsibility of igniting curiosity and instilling a passion for knowledge in young minds. The foundation of education is not just about imparting information; it is about equipping students with the skills and mindset needed to thrive in a world of constant transformation.

At Little Angels School, we believe that education should go beyond textbooks. We foster a dynamic learning environment where technology-enhanced instructions, hands-on experiences, collaborative projects and individual exploration empower students to discover their strengths. Our approach integrates talent-spotting into the core of education, ensuring that every child receives the necessary support to refine their abilities and excel. In addition to academics, we emphasize co-curricular, extracurricular, and sporting activities to create well-rounded individuals.

But education is more than just keeping up with technology; it is about nurturing critical thinkers. What kind of reasoning should take root in an inquisitive mind? How do we shape young learners so they can analyze, apply logical reasoning and share knowledge that is practical, relevant and meaningful? At Little Angels School, we focus on these fundamental questions, ensuring that our students are not just prepared for the future but are also capable of shaping it.

Is this homework... or a top-secret mission?

We learn together, laugh together, grow together—and together, we stand strong.

School Motto: 'Shramayeva Jayate'!

We at Little Angels believe that hard work is the key to success. Hard work always triumphs - this mantra for success is instilled in the young minds. They are taught that they need the right attitude and self discipline to achieve success. We constantly endeavour to make every child a complete child by making him /her believe that there is no substitute for hard work, and more importantly the happiness a child derives from working hard and reaching his/her goal is priceless.

THIS SECONDS OUR BELIEF IN THE SLOGAN
"A HAPPY CHILD IS A NATION'S PRIDE".

COMMENCEMENT OF NEW ACADEMIC SESSION 2026-27 FOR CLASSES UKG-10

The new academic session for classes UKG to 10, commenced on April 1st, 2026 with great enthusiasm and a positive spirit. An orientation was conducted in the classrooms highlighting the importance of discipline, regular attendance and active participation in both scholastic and co-scholastic activities. Emphasis was also laid on developing LSRW skills and fostering values such as respect, responsibility and teamwork.

FELICITATION OF AISSE 2025-26 TOPPERS

A Felicitation program for the AISSE toppers of 2025-26 batch was organized in the library on 16th April 2026. The toppers of the AISSE along with their parents and a few students attended the programme. Principal Mrs. Visalakshi ma'am graced the occasion and felicitated the toppers with flower bouquets. Principal ma'am congratulated the toppers for the commendable performance.

NATIONAL FIRE SAFETY WEEK, APRIL 4th TO 20th

A Fire Safety Mock Drill was conducted for the students of Classes 5 to 10 at Little Angels School, Ukkunagaram by the officials from Fire Department Pedagantyada to create awareness among the students and staff regarding emergency preparedness and safety measures. The Officials demonstrated how to control fires using Water, Dry Chemical Powder (DCP) extinguishers and other suitable technologies .

The officials also demonstrated rescue techniques during emergencies. Students were taught how to rescue a person drowning in water, including the correct use of a life jacket and lifeguard. The Fire Safety Department officials demonstrated the effective water-based techniques to extinguish fires in both open building areas and in closed rooms. The program was highly informative and practical helping students understand the importance of Fire Safety.

WORLD EARTH DAY, 22nd APRIL 2026

On the occasion of Earth Day (22nd April), the school organised an awareness program through informative display boards, across the campus. The displays focussed on key themes such as reducing waste, recycling processes and Green Technology. Students presented charts, posters, and simple models explaining the concept of the 3Rs— Reduce, Reuse, and Recycle. The recycling process was illustrated clearly to show how waste can be reused effectively. Sections on green technology highlighted eco-friendly practices like solar energy and rainwater harvesting. The initiative helped create awareness among students and encouraged everyone to adopt sustainable habits for a cleaner and greener environment.

WHAT AM I?

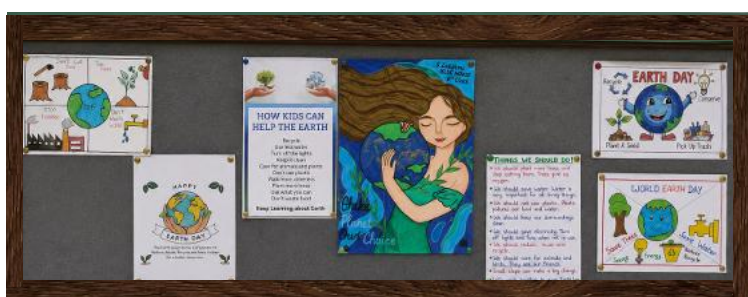

I can be tiny, but I can grow into something huge.

I can give you shade, fruits and fresh air.

Birds can build their homes in me.

I begin my life as something very small.

What am I?

REDUCE

REUSE

RECYCLE

Before you throw it away, ask: Can I reduce it's usage in future? Can I reuse it? Can I repair it?
Can I recycle it?

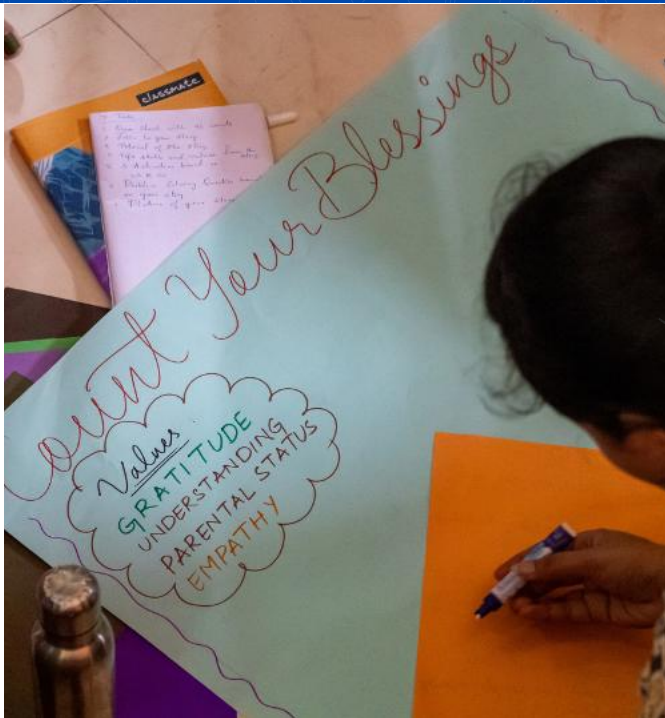

WORKSHOP FOR TEACHERS

BEFORE THE FIRST BELL RANG... OUR TEACHERS BEGAN THEIR LEARNING JOURNEY!

At the commencement of the academic year, before welcoming our students back from the summer vacation, a series of professional development workshops were conducted for our teaching faculty.

These sessions were thoughtfully designed to enhance pedagogical skills, strengthen classroom practices and equip teachers with innovative teaching strategies. By investing in continuous learning, we reaffirm our commitment to providing a dynamic, engaging and student-centered learning experience.

Behind every doctor, engineer, artist, scientist, and leader stands a
TEACHER

Coffee Break.....

- Can you answer this?
Which of these is NOT a 21st-century skill?
- ☐ Creativity
 - ☐ Collaboration
 - ☐ Critical Thinking
 - ☐ Memorization

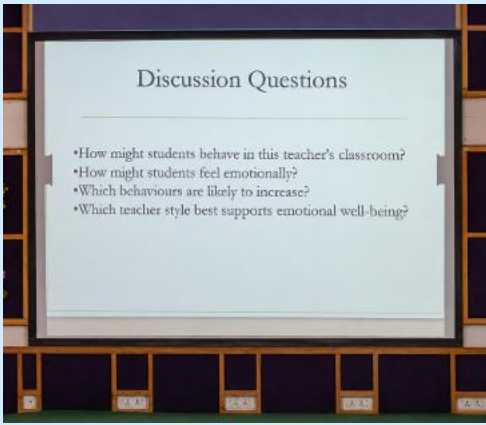

WORKSHOP FOR TEACHERS
CREATING ACTIVE LEARNING CLASSROOMS
In Collaboration with
OXFORD UNIVERSITY PRESS

Little Angels School, MVP Colony, Visakhapatnam, organized a workshop for teachers of both the schools on Creating Active Learning in the Classroom on 2nd June 2026 in collaboration with Oxford University Press. The session was conducted by Dr. Gurjit Kaur Bhatia and attended by 140 teachers. The workshop highlighted the importance of learner-centered classrooms, reflective teaching practices, activity-based learning and the holistic development of students.

Dr. Bhatia introduced effective pedagogical approaches such as the Panchakoshi Learning Process, the BARP Approach and strategies for developing 21st-century skills including communication, creativity, collaboration and critical thinking. The session was highly informative and inspiring, equipping teachers with practical techniques to make classrooms into more interactive, engaging and effective learning spaces.

WORKSHOP
ON STUDENT BEHAVIOUR AND EMOTIONAL WELL-BEING

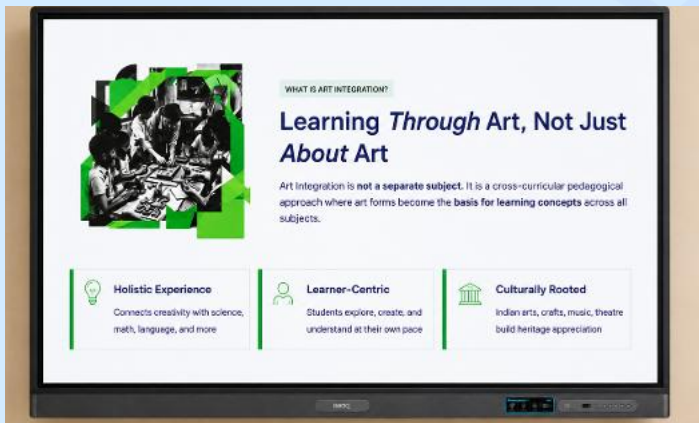

On June 6th 2026, the Counselling Cell of Little Angels School conducted a workshop on ‘Student Behaviour and Emotional Well-Being’ for MVP Colony and Ukkunagaram teachers. The session reframed behaviour as communication and linked emotional health to academic success. Teachers explored behavioural triggers like social media and academic pressure, while learning to build emotionally safe classrooms through empathy.

KEY TAKEAWAYS:

- RULER Framework: Practical tools to help students recognize and regulate emotions.
- Support & Referrals: Strategies to identify and refer students needing counselling cell support. The successful event equipped faculty with resource handouts to foster a positive supportive learning environment.

DID YOU KNOW?

Children may not always express their emotions in words—their behaviour often tells the story.

WORKSHOP ON ART INTEGRATION

Little Angels School, MVP Colony held an Art Integration Workshop for teachers of both the schools on 8th June 2026. Teachers learned to blend visual arts, music, dance, storytelling & doodle art into regular subjects, making classes more engaging & activity-based. The ‘Play with Doodle’ group activity was a big hit, with teachers creating stories using drawings & symbols.

🎨 Did You Know?

The ‘Play with Doodle’ activity demonstrated that a few simple lines and symbols can spark imagination, strengthen communication and inspire collaborative storytelling—proving that creativity is a powerful tool for learning.

Think About It.....

Why do cave paintings created over 20,000 years ago still communicate stories today?

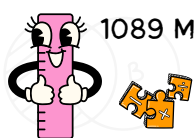

MATH WORKSHOP ENHANCING MATH LEARNING IN CLASSROOMS

in Collaboration with
OXFORD UNIVERSITY PRESS

Little Angels School organized a professional development workshop on 'Enhancing Math Learning in Classrooms' on 8th June 2026 in collaboration with Oxford University Press. The session was conducted by Mrs. M. Rajeswari and attended by 27 Math teachers from both the schools. The workshop focused on effective time management, teacher competencies, student support during exam anxiety, strategies for solving mathematical word problems and practical applications of Vedic Mathematics. The session provided valuable insights and innovative techniques that will help teachers enhance classroom effectiveness and improve students' mathematical understanding and problem-solving skills.

1089 Magic Trick

Choose any 3-digit number (first and last digits differ by at least 2), reverse it, subtract the smaller from the larger, reverse the result, and add them together. The answer is always 1089!

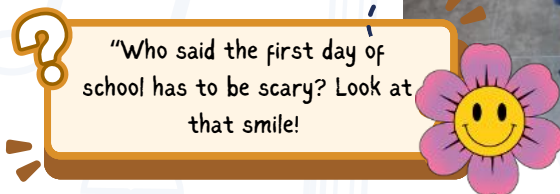

SCHOOL RE-OPENING DAY - A FRESH BEGINNING

The halls are buzzing, the classrooms are lively and the smiles are back! Little Angels School, Ukkunagaram, joyfully welcomed students on the first day of the new academic year. Here's to new beginnings, new goals and endless possibilities. Welcome back, dear students!

Wake Up.
Dress Up.
Show Up.
Never Give Up!

NATIONAL READING DAY

National Reading Day was observed in the school on 19th June with great enthusiasm to honour Shri P.N.Panicker, the Father of the Library Movement in India. The celebration successfully reinforced the vision of P.N.Panicker and inspired students to make reading an integral part of their daily lives. Principal Mrs. Visalakshi mam addressed the students and highlighted the importance of reading in shaping young minds. Students took a pledge to reaffirm their commitment to reading regularly, exploring diverse genres and nurturing a culture of learning.

One Day Inside a Book... Where Would You Go?

If you could step inside any book for one day, which book would you choose—and what would you do there?

INTERNATIONAL YOGA DAY

International Yoga Day was celebrated on 21st June in the school premises with great enthusiasm and active participation from students and teachers. The celebration began with an informative introduction followed by a floral tribute to Maharishi Patanjali. A Yoga session conducted by Mrs. D. Jyothi, Mrs. Ankita and Mrs. Tulika, included warm-up exercises, yogasanas, pranayama and meditation techniques. Through Yoga, our students learn balance, discipline and the path to a healthier life.

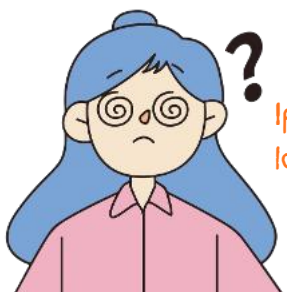

Did you know?

Ancient yoga traditions included a concentration practice involving a candle flame.

CAREER COUNSELLING SESSION

Students of classes 8th, 9th & 10th attended an insightful career counselling session on 27th June in the library led by Mrs. Srinidhi, an alumna of our school, presently working as Area Sales Manager, Hindustan Unilever, Chennai. Mrs. Srinidhi gave a presentation on the topic- 'Building Future Leaders – Career Opportunities in the Corporate Marketing World'. Principal Mrs. Visalakshi encouraged students to explore their interests, build confidence and embrace continuous learning to achieve their future goals.

? A Question for you

If you could choose any career in the future, what would you love to wake up excited to do every day?

SUBJECT CLUBS

Believing that true education extends beyond textbooks, the school provides holistic education by maintaining a harmonious balance between academics and co-curricular activities. To make learning joyful, engaging and meaningful, students actively participate in a variety of subject-based activities. The school has various clubs that provide students with opportunities to explore their interests and develop their skills. These include the Telugu Club (Saraswatha Parishath), Hindi Club (Vangmayi), English Club (Alphabet), Maths Club (Dodeca), Science Club (Little Greens Club), Social Studies Club (Virasat), Art Club (Splash), Computer Club (Chips and Bytes), Vatsalya Club, and Sports Club etc., that cater to diverse interests while fostering creativity, critical thinking and subject-specific skills.

Think about it:

Can you tell a story
without saying a single
word—just through
dance?

Riddle

I have no voice, but I can tell a story.
I have no feet, but I can take you to another world.
I can be made with colours, lines and shapes.
What am I?

EVENING ACTIVITIES

The evening activities planned for the Academic Year 2026–2027 include Evening Games Classes for Classes 4 to 9, Evening Art Classes for Classes 1 to 9, and Evening Dance Classes for Classes 3 to 9.

Art in Action

Together We Score

Teamwork in Action

When the music starts, the feet take over!

Where Ideas Bloom

Inspired to Create

Every interest can become a talent

KNOWLEDGE IS POWER
